THE FACE OF OUR SCHOOL

Over and above the brick and mortar facade of the building, the Face of Our School is a montage of all the people who comprise our little world at McGuinness. People are the vital element. People make up the crowded classrooms, the heart-stopping excitement of basketball games, the seemingly unending lunch lines, the participants in assemblies

or at Mass in the chapel. People vibrant, alive, bored, introverted, happy, sad, laughing, crying, shimmer in a sort of unconscious beauty; and it is this intangible beauty, reflected in the faces at McGuinness, that we have tried to capture in this 1965 CHI RHO.

ADMINISTRATION

The Academic Council composed of the heads of twelve departments under the chairmanship of Rev. David M. Walsh, principal, determines the internal policies of McGinness High School. General scholastic standards are established by the Director of Studies. Branches created by Mrs. Rev. Bishop Reed School board policies are administered by the executive branch headed by Rev. F. A. Howard, division superintendent of schools. McGinness High School is created by the State Department of Education and the North Central Association of Schools and Colleges.

MOST REV. VICTOR J. REED

Dear Students:

The class of 1965 graduates at a very challenging period of history. Modern challenges are many and varied in both the spiritual and temporal spheres. Success in meeting them will depend largely on a well informed and well trained mind, as well as courage and perseverance in effort.

May God supply the rest so that you and your fellow students of Bishop McGuinness High School may be successful in the pursuit of real happiness.

Faithfully yours in Christ,

+ *Victor J. Reed*

Bishop of Oklahoma City and Tulsa

DEDICATION

RT. REV. SYLVESTER F LUECKE V.G.

To the memory of Monsignor Sylvester F. Luecke, who died suddenly on November 13, 1964, we dedicate this volume of the CHI RHO. In addition to his being Vicar-General of the diocese and dean of the Oklahoma City deanery, Monsignor Luecke was field co-ordinator of lay volunteers, diocesan director of seminarians, and a member of the diocesan school board. These assignments brought Monsignor in frequent contact with youth, especially with youth in our two central Catholic high schools. His interest in our pursuits brought him to our ball games and our social events, and created a bond of friendship that we shall always remember and cherish. R.I.P.

REV DAVID MONAHAN

One of the objects of Christian education is to assist students in acquiring an adequate view of reality. It is our hope that our graduates of 1965 will leave us with a true and complete Christian vision of the world in which they live - - the grandeur and the ugliness, the limitations and potentialities of it all - - so that they might serve God and men more effectively and happily in their lives to come.

David Monahan

Reverend David Monahan, M. A.
Principal

REV ERNEST FLUSCH

Dr. Flusche is the principal of the high school of Philip McGuinness High School.

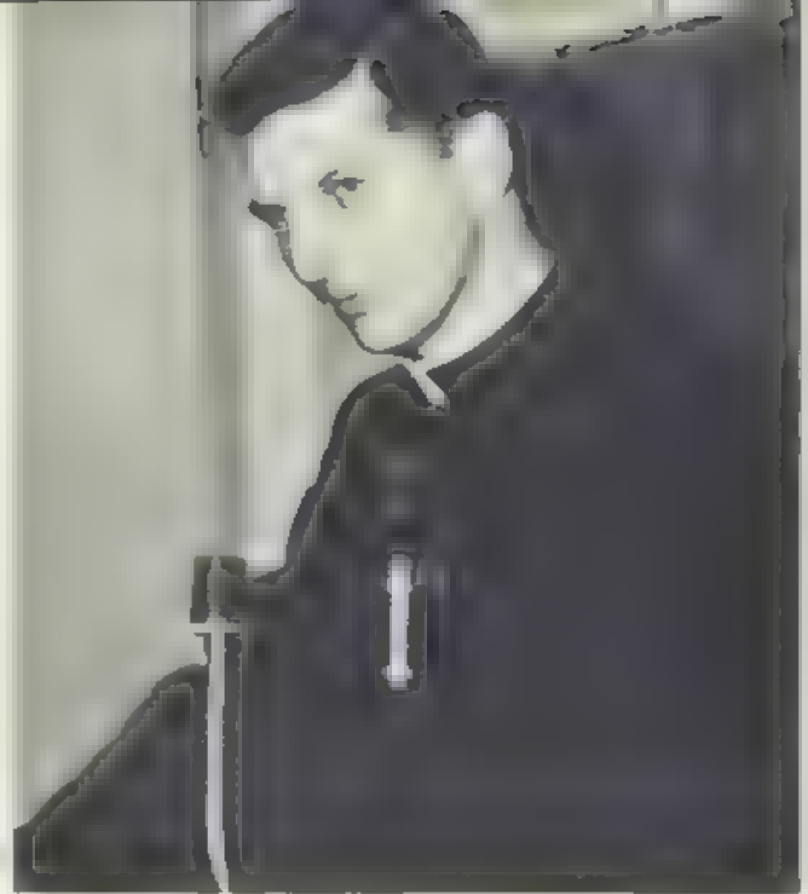

I hope that you will go from McGuinness High School with values and attitudes which will help you in relating Faith and living. If the words of the two - Faith and personal action - can be seen in your daily life now, days of greater personal fulfillment and happiness are sure to follow.

Best wishes and prayers for your personal endeavors in the year of your education. May the Holy Spirit be with you and may your personal life be a joy to you and to the world.

ACTIVITIES

As a follow-up to our activities, varied programs sponsored and directed by the community group contributed to the success of the "Free for All Sale." A proximately fifteen programmatic community associations and types ranging from health to social service organizations, from religious to secular, were involved in the program. The large and enthusiastic participation of the neighborhood solidified the group's commitment to social entrepreneurship, and we were especially privileged to have the community group's members present a concert in our auditorium. Selected musical talents among them. At the Krazy Men's, a popular social and musical dance, sales were brought straight to the table with raises even in our changing social milieu.

Biology, Physical Science, Chemistry, and Physics provide a range of experiential knowledge for those students interested in Science. A new type of Science Club, designed to arouse interest in even the most lackadaisical, was initiated this year by the students in Physics. The Science Club sponsored an intra school Science Fair. Entries were judged and awarded ribbons according to merit. Through the activities of the Science Club students were motivated to prepare entries for local Science Fairs. By means of a special bulletin board the Club kept everyone up to date on recent developments in Science, and posted important data listing opportunities for students who may wish to pursue Science in prep summer courses or in college.

Each new Freshman group makes the face and the pace of a school. This year's hundred ninety-five members proved no exception. Getting "into the swim" with unusual dispatch, they broke records, defied cherished class traditions, and proved themselves the strongests. An excellent academic background enabled them to show ability, initiative and "push." Awed by nothing, daring

anything, they set themselves appointed and elected responsible positions which they filled with credit, winning awards in such divergent areas as Sports and Student Government. We do not dare predict, but we may say that if they maintain their present pace, these young ones may even change the face of the earth.

Under the leadership of Bill Fuchs and his colleagues, the Sophomores met the challenges encountered in what is probably the most difficult high school year. With the most friendly class in 1964-65, they were also the largest, numbering one hundred and sixty members. They showed their scholastic ability by placing ten members in the National Honor Society and eighteen on the

quarterly honor roll. By lettering ten "Irishmen" they did their share to earn MHS the Catholic Conference title. In this connection applause goes to Pat Cox, who, as a result of his football exploits, suffered a severe leg fracture that kept him hospitalized for four months. All success to the class that will be the 1966 Juniors.

Early in the football season Pat Cox sustained a severe fracture of the femur bone in his right leg. Lying in his hospital bed Pat listened in to all his classes, absorbing explanations and asking questions when necessary

With one hundred sixty-six on roll, the Junior class was least in size, but definitely not least in potential and achievement. In initiative, leadership, athletics and academics, the juniors excelled. They designed a new class ring that will be standard for years to come. Their influence in the Student Council led to bigger and better ideas, among others the sponsorship of a foreign student exchange program. In athletics they were also outstanding, the junior football quarterback achieved the distinction of being selected the little All-City quarterback. This year's juniors have certainly contributed much to the Face of McGuinness High. They will be remembered by the graduating seniors, the younger sophomores, and the freshmen looking for leadership. If they achieve their full potential they should be outstanding seniors.

SPORTS

Football, basketball, baseball and track have always held a place on the McGuinness sports roster. Within recent years golf, tennis, and bowling have been gaining favor with McGuinness students. Freshman football, basketball, and track besides providing excellent physical training for the younger fry, prepare valuable players for future varsity teams. This year the varsity had a successful year, as also did the freshman teams, both sections suffering relatively few defeats. Especially outstanding were the tennis and golf teams, both winning the state championships in their respective tourneys.

IRISH capture fourth consecutive title

McGuinness' 1964 football season will be remembered as the year of the forward pass. Lacking a consistent running back the Irish depended on the pass and had great success with it. Junior Quarterback Steve Sprehe led the air assault with seven touchdown passes and junior end Bill Haddock rated as the top receiver with six touchdown catches.

In the opening game McGuinness encountered a determined Henrietta team, but the Irish showed a strong second half attack and triumphed 20-12. The Casady game was undecided until the final quarter when fullback Bryan Mize climaxed a hectic fourth quarter rally with the winning two points. Score, MHS 22, Casady 20.

Against Northeast the McGuinness attack faltered. Behind, 16-8 at half time the Irish second half comeback rally sputtered and the Vikings won 32-8. Star Spencer's "Back of the Year," Santori DeBose, proved his all state caliber against the Irish the next week. He scored three times, one on an 80 yard run from scrimmage, as the Irish fell 30-8. The Classen Comets posed little problem for the Irish, the passing attack worked in perfection as the Irish won 35-6.

Against St. Gregory's in the conference opener the Irish were victims of erratic play. The Knights fourth quarter score tied the game 8-8, and McGuinness' last drive was on the five yard line when time ran out. The Kelley Comets proved an even tougher foe. It was a quick striking offense and a strong, opportunist defense that earned the Irish a 12-6 victory. McGuinness' second conference win was over Cascia Hall. The Irish defense was excellent as MHS won 21-0. Against Central, Tim O'Toole ran fifty yards on the first play of the game and from then on it was all McGuinness. Substitutes finished the game as the Irish won going away, 35-0. The St. Mary's Rockets never got off the launching pad in the season's final game. Fifteen MHS seniors closed out their high school football careers with a 19-0 victory, their fourth consecutive conference title, and a fine overall record of 7-2-1.

The Irish claimed a number of players on various post season all star teams. Seniors Paul Pfrehm and Mike Grace and junior Steve Sprehe all landed places on the Little All-City Team. Pfrehm, Grace, and Sprehe were also first team choices on the All-Conference Team. Seniors Tim O'Toole, Bryan Mize and Tom Ward were on the second team along with junior end Bill Haddock, the top scorer in the conference.

IN THE EXCITEMENT of their ballet technique two St. Gregory's players forget about the mundane basketball.

Team effort, aggressiveness, desire were three characteristics of the 1964-65 varsity basketball team. However, the Irish suffered from a frustrating inconsistency in play, caused by illness and injuries to key players, that kept them from reaching a true championship team.

The Irish did capture their conference title, suffering only one loss to St. Mary's. The Irish's 7-1 conference record included an amazing 82-66 victory over St. Gregory's. Jack Perrault and Mike Curran combined for 60 points to lead McGuinness to a new single game scoring record. In non-conference play the Irish finished with seven wins and seven losses. North St. Edmund, Perry and Stillwater were some of the teams that fell to the Irish.

The Irish inconsistency was most evident in the State Tournament. McGuinness dropped two games and was never a serious contender. Senior Mike Curran captured top post-season honors by being named to the all conference first team. Junior forward Jack Perrault was named to the second team, and the Irish finished with a hard earned record of 14-10.
